

Features

- ✓ Easy to use - fully automatic
- ✓ Easy to read LCD display
- ✓ Approved medical device
- ✓ 90 reading memory with date and time
- ✓ Measures on inflation
- ✓ Quick release universal cuff (22cm-42cm)

Specifications

Product name	Fully automatic blood pressure monitor
Model number	BPx1A
Measuring method	Oscillometric method
Measuring accuracy	Within ± 3 mmHg
Blood pressure measuring range	0mmHg~299mmHg
Pulse rate range	40~80/min
Pulse rate accuracy	Within $\pm 5\%$
Power source	3x AA size batteries
Classification	Internal powered equipment type B
Pressurisation	Automatic air inflation by an air pump
Deflation	Automatic exhaust
Automatic power off	To be automatically cut off after 2 minutes of not being used
Battery life	Approx. 3 months with 3 times usage per day
Environmental temperature	For using: 10~40°C, for storage: -20~60 °C
Environmental humidity	For using: <90%, for storage <95%
Transport conditions	Atmospheric pressure range: 80kPa~105Pa , Humidity range less than 95% , ambient temperature range: -20~60 °C
