St John Ambulance

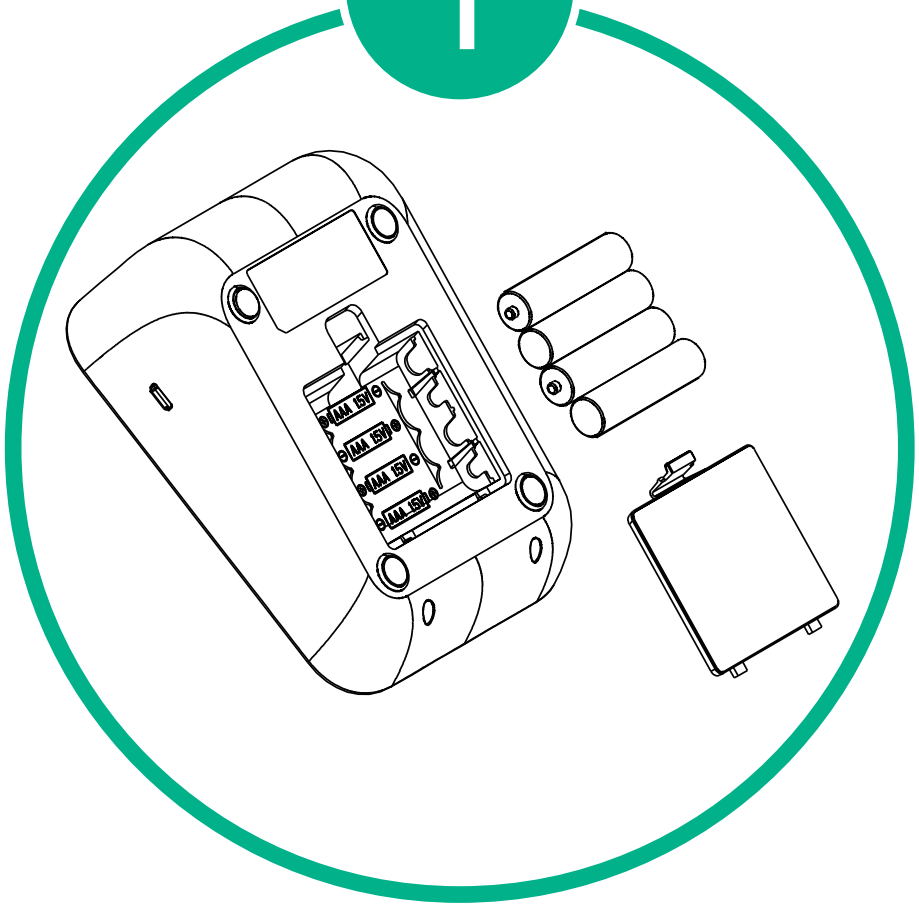

kinetik WELLBEING

-Quick Start Guide-

TMB-2080

Advanced Blood Pressure Monitor

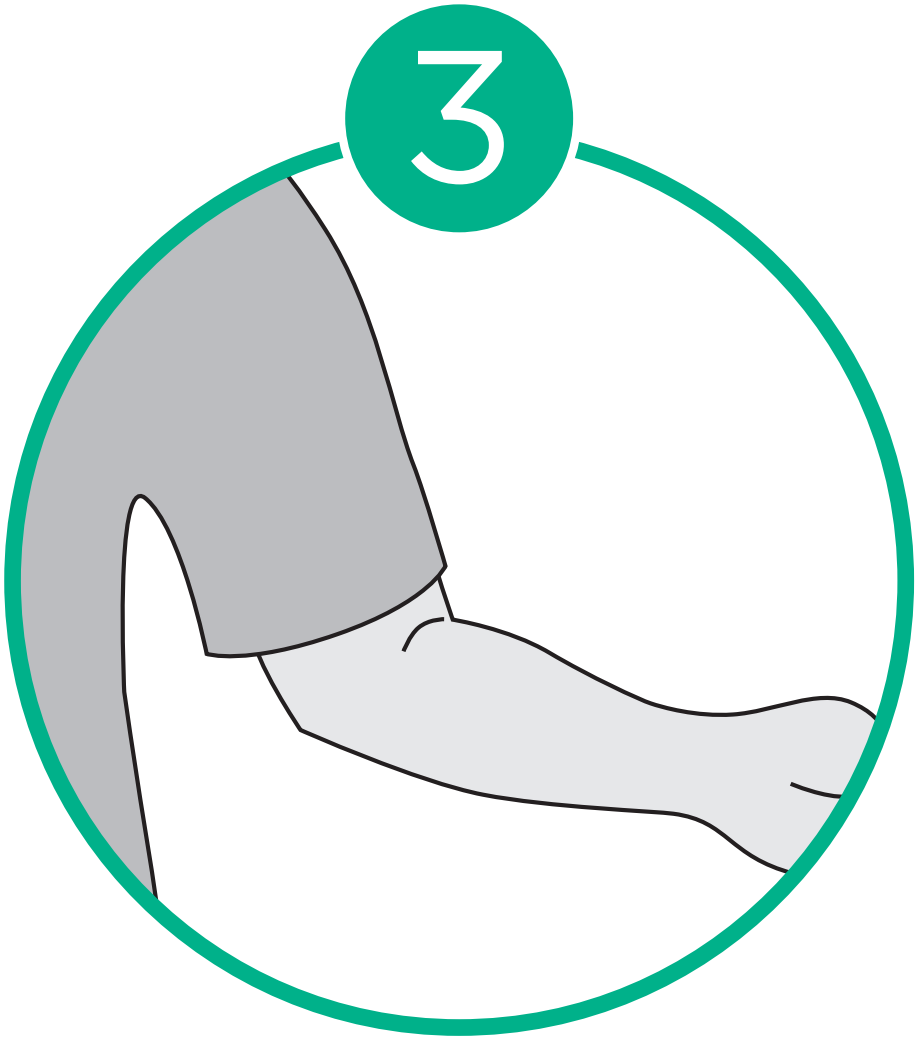

1

Unpack Blood Pressure Monitor and insert batteries.

Plug the connector from cuff into the monitor on the left side.

Remove any thick clothing from your arm.

4

Sit in a
relaxed position
for 5 minutes.

Place your arm
resting on
a firm surface.

Wrap the cuff
on the left arm and
keep level with
your heart.

7

Press the START button to begin measurement.
