BRAND STORY

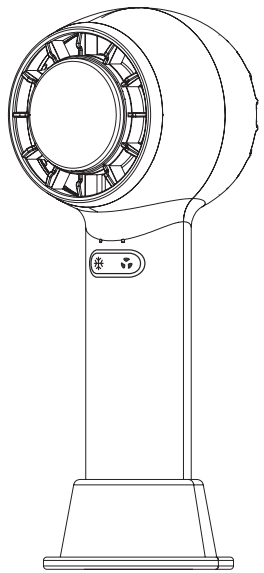

At Kinetik Wellbeing we are driven by the belief that everyone deserves to take control of their health from the comfort of their own home. Designed with simplicity in mind, our clinically validated devices empower you to proactively monitor and manage your long-term health journey.

We created our Women's Wellness range to empower and support women through every stage of life, addressing everything from menstrual discomfort to menopausal symptoms.

INTRODUCTION

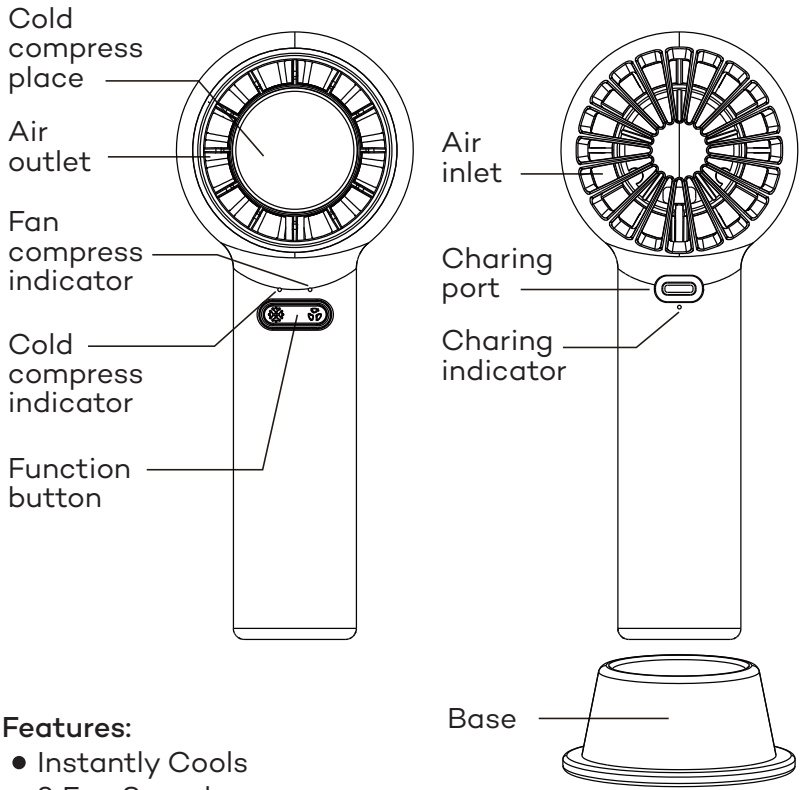

Introducing the Kinetik Wellbeing Comfort Cooling Fan, designed to empower women experiencing menopausal symptoms.

Whether you're at home or on the go, this stylish fan is your convenient companion for managing unpredictable hot flushes. Choose from three fan speeds to suit your needs, whether you're seeking a quiet breeze during a night sweat or rapid cooling during an intense flush.

The built-in cooling plate provides targeted relief to further help with hot flushes as well as nausea and headaches. Its soothing, numbing effect helps ease discomfort and helps improve focus, reducing brain fog so you can stay sharp and in control.
